Reusable Cotton Face Masks - Protect Each Other, Support Our NHS

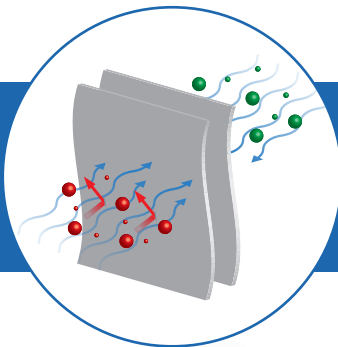

Superior design, developed with NHS consultants

Support our NHS: for every mask sold, TechPPE will donate to NHS Trusts

Integrated aluminium nose strip moulds to users face to improve seal and comfort

Soft elasticated ear loops ensure good fit and comfort

Manufactured in the UK with premium British cotton

High grade cotton twin layers provide increased filtration without compromising comfort or breathability

Washable, reusable, sustainable

Optional premium multi-position head band attaches to ear loops: engineered for increased comfort when wearing for longer periods

Customised print options available - brand with your company logo/design (subject to minimum order quantities)

*Please note this mask is not intended to be used as a Medical Device and has no FFP rating; it is designed for preventative hygiene.

Supplied by ICL Tech Ltd, 1 Wellington Road, Bishopbriggs, Glasgow, G64 2SA
